# 50 YEARS 1969-2019

## MOON LANDING

### Collectible of the Year

Zippo celebrates the 50th anniversary of the first time humans set foot on the surface of the moon, and the brave Apollo mission astronauts who proved that humanity could accomplish astronomical feats. The 2019 Collectible of the Year is dedicated to the 50th anniversary of the Apollo 11 Mission – the first time humans landed and walked on the moon's surface.

#### Featuring:

- The enthusiastically anticipated return of Galaxy finish – with iridescent sparkles suspended within a glossy deep black to reflect brilliant flashes of light through the depths of the cosmos
- The moon's cratered surface is rendered with Zippo's newest process, Texture Print, which captures all of the tactile detail of an emblem and combines it with the cinematic hues of the company's world-renowned color imaging process, allowing stunning dimensional artwork directly on the lighter's surface
- Deep-Carved Astronaut figure
- Laser engraved US flag and date of the moon landing on the back
- Consecutive numbering

# BUY ONE. PLANT ONE.™

## IT'S THAT SIMPLE.

Zippo has partnered with Woodchuck USA™ to create wooden laser-cut emblem designs that will help restore and protect the forests of the world. With each lighter purchased, Woodchuck USA guarantees to plant one tree. Consumers can use the special code in each box to learn where their trees are planted.

The launch of Woodchuck USA Zippo lighters will be heavily supported by both brands with an integrated marketing campaign and extensive consumer outreach.

# MAKE IT A PIPE LIGHTER

## Easy to order, easy to sell

Demand for pipe lighter models has risen dramatically in the past two years, and is anticipated to continue to grow.

- Pipe lighter insert allows the user to direct and draw the yellow flame downward without scorching the pipe or the user's fingers.
- Any regular Zippo lighter can be ordered with the pipe insert instead of the regular insert, contact your sales associate for details.
- Pipe lighter inserts not sold separately.

◆ Lighters shown on page 6 come standard with a pipe insert.

The king of the pride takes a modern art twist, as he is rendered in low polygon style, a popular art and home décor trend.

Zippo's in-house artists continue to produce spectacular original artwork to adorn the Windproof Lighter.

These hand-drawn designs were originally created with pen and ink, then carefully digitally-transferred to preserve the intricate layers of detail and shading to be reproduced with Zippo's color imaging process.

World-renowned master of the fumage technique, Steven Spazuk, creates dreamlike yet highly detailed images by holding flame to paper and etching into the resulting soot. His creations emerge from a haze, juxtaposing manmade objects with nature's beauty and resilience.

Artwork created with a Zippo lighter, now available as a lighter design.

# Luck-themed lighters are consistent high performers, for a good reason.

The Zippo pocket lighter itself has earned a reputation for being a lucky talisman. Countless stories have been told about a Zippo lighter saving lives, some tell of deflected bullets, others as a reliable signal for help. There are also stories of a Zippo lighter turning up in unusual places, like the belly of a caught fish or a slain bear, and coming out in working order. And because of the Zippo guarantee, the windproof lighter can be a cherished heirloom, passed from generation to generation and carrying the wisdom and good fortune of loved ones with us.

Some would say the lighter brings double the luck when decorated with other talismans of good fortune. Stock a full range of these lucky lighters to usher in prosperity – for you and your customers!

# Vintage Lighters

## There's Nothing Old About Zippo Vintage

The success of Zippo's 50th anniversary commemorative lighter in 1982 was a strong indicator that Zippo customers and collectors were receptive to the addition of more vintage-style lighters to the product line. Zippo Vintage lighters were introduced in 1985, designed after a similar Zippo lighter created in 1937.

### Distinctive features:

- Five-barrel hinge that joins the lid and the bottom; same as current Zippo lighter.
- Sides of the unit are flat, with rounded corners and edges replacing the 1935 square case.
- Flat bottom and top case with current bottom stamp.
- Standard packaging: cardboard box with a special 'Vintage' I-card.

# IMPRINT METHODS

Methods Available To Customize Zippo Product.

## Signature Custom Imprint Methods

### CLASSIC FINISHES

- Plated
- Powder Coat
- PVD Finish
- Translucent Powder
- Antique

#### Auto Engrave

The crisp, clean jewelry look of auto engraving has become one of the most popular methods of customization. Skilled operators use either rotary engrave or diamond cut method to inscribe an image into the product using creative fill patterns. A dimensional effect can be achieved by using directional fill patterns.

Also known as Rotary Engraving or Computer Engraving.

pg.5

- Standard imprint charges
- Not available on powder coat and translucent finishes
- Can be done on sterling silver and solid gold
- Minimum quantity required
- Lid line adjustment may be made
- May require additional lead times

#### Laser Engrave

This state-of-the-art process allows Zippo tremendous flexibility when reproducing your artwork on our products. Our laser engravers are computer programmed to generate an accurate replication of your imprint.

Also known as Laser Mark.

pg.5

- Standard imprint charges
- Minimum quantity required
- Multiple surfaces available
- Shows great contrast

#### Color Image

State-of-the-art printing method allows Zippo to imprint multiple spot colors or full-color photographic representations. Spot colors can be matched to PMS colors and used for one, two, or three-color simple logos.

Previously known as surface imprint.

- Zippo will accept vector artwork files (Adobe Illustrator) in these formats: .ai, .eps, .pdf (provided entire contents of file are vector). Zippo can also imprint artwork in full color or a photographic representation. Previously known as 4-color process pad print.
- Zippo will accept raster artwork files (Adobe Photoshop) no less than 1.5" wide by 2.25" high with a resolution of 600 DPI (dots per inch). Acceptable formats include .psd, .tif, .eps, .jpg (provided the resolution is high enough.) Any file requiring background isolation must have paths or a layered file with transparent background included.

pg.24

pg.35

- Standard imprint charges
- Not available on precious metal finishes
- Minimum quantity required
- Special art requirements/high resolution photo required to be reviewed by creative services

All color imprinting will now be run using the color imaging method.

## Premium Custom Imprint Methods

All models below require special handling due to the unique processes and methods on each piece. Several model styles below require minimum quantities, tooling charges, special lead times, as well as specific art files. Contact your Zippo sales representative for more information.

#### Lustre

Zippo's signature lustre etch method produces an attractive, durable imprint. The artwork is etched into the lighter and plated for a permanent mark. A beautiful contrasting effect is created.

pg.28

#### Double Lustre

The design is double etched into the lighter. This layered process displays a multi dimensional effect. A portion of the design will be chromed out for impact.

pg.5

#### Fusion

A combination of specific pre-determined color palettes and chrome breaks create an iridescent, metallic look.

- Restricted to models 250, 167, 260, 1654B, 1610, 254B and 24750.
- Art constraints apply

pg.5

#### Auto Two-Tone

Contrast is achieved when Zippo engraves in two different depths. Vibrant chrome and brass engraving allows for a "gold and silver" effect.

- Some model restrictions apply
- Art constraints apply
- Available on 200, 205, 207, 24647, 24648, 28181, 28182
- Cannot pass thru lid line

pg.4

#### Laser Two-Tone

Zippo's lasers can be programmed utilizing two different depths, creating a unique contrast within the image.

- Restricted to models 150, 151, 200, 205, 207, 250, 20446, 24647, 24648, 24756, 28181, 28182, 20053
- Cannot pass thru lid line

*Note: multiple processed, gold colored logo is 2 tone*

pg.12

#### Photo Image

The creation or manipulation of photographic images by electronic or digital means. The image is then laser engraved onto many different finish options with pin sharp resolution.

- Model restrictions apply
- Special art requirements/high resolution photo required to be reviewed by Creative Services
- Standard imprint charges apply

Not in catalog

#### Stamping

Image is debossed into the case, creating a 3D design.

- Now shown on #28994
- Art constraints
- Tooling charges and minimum quantities may be required

pg.5

#### Emblem

Image is die struck onto various metal substrates such as brass, aluminum, and pewter.

- Art constraints
- Additional lead times required
- Tooling charges and minimum quantities may be required
- Contact sales rep for details

pg.5

## Luxury Custom Imprint Methods

All luxury custom orders need to be routed through the Zippo Design Center.

### Brite Cut

Limited to Armor cases only, brite-cut engraving produces dazzling high and low facets, resulting in the dimensional look of a beautiful emblem directly on the surface of the lighter.

pg.7

### Deep Carve

Graphic is rendered in state of the art 3D software. A powerful milling machine accurately engraves deep contoured cuts into an Armor case using many tool sizes, special buffing, and plating.

- Heavy Wall Armor case only

pg.28

### Laser Color Fill

A legendary process, Zippo's etch and paint method produces an attractive durable imprint. The artwork is rendered to display a vintage effect. The image is etched into the plated lighter, then colorfilled in the cavities.

Not in catalog

### Laser/Auto Engrave

Zippo can combine Laser and Auto Engrave processes to achieve a jewelry look.

- Art constraints apply
- Some model restrictions apply
- Engraving can also be done on top of lasered area

pg.5

### Epoxy Inlay

Clear, marbled or solid epoxies can be inlayed into deep cavities by highly skilled artisans.

- Lid line and size restrictions apply
- Special engraving can be designed under translucent epoxy for a luxury look.

Not in catalog

### Laser Fancy Fill

Skilled designers enhance laser engrave by adding various directional fill patterns. A 3D effect is achieved through out this intricate design process.

- Model restrictions apply
- Not available on translucent powder coat or matte finishes
- May require additional lead time
- Standard imprint charges apply

pg.17

### Precious Metals

Special handling is needed when engraving precious metals.

- Sterling Silver and Solid Gold
- Limited customization options available

Not in catalog

### Stone Attachment

Zippo designers and engineers continue to develop special inlayed materials and stones to delight Zippo customers.

- Some restrictions apply

Not in catalog

## Art Styles

### Chromed Out

When rendering art, an area of design is opened up displaying the base finish. No additional charge for this method.

pg.18

### Distressed

When rendering artwork, artists use a unique filter to give the art a pocket worn effect.

pg.18

## Custom Art • Limited Editions • Exclusive Designs • Signature & Licensed Designs

Special event and/or anniversary designs can be supplied by the customer or created by Zippo artists. Personalization and consecutive numbering are available for an additional charge. Designs supplied by Zippo customers can be restricted to others. Must be discussed and approved through Design Center. Signature and licensed designs must be processed and approved by our licensing department.

Call your sales representative for details.

Customer must sign an agreement stating they own or have rights to all custom artwork, and will indemnify Zippo for any infringement claim.

# PACKAGING

## One Box

Unless otherwise stated, every Zippo windproof lighter in this catalog is packaged in the dealer friendly “one box”. Both the attractive gift box and the cardboard I-card are 100% recyclable. The patented “one box” is attractive, easy to handle and designed to fit in every Zippo display.

## 1935 Replica

Both 1935 Replica Models come in a standout vintage version of the “One Box.” The metallic gray lid features an embossed image of Windy easily igniting her Zippo Windproof Lighter on a blustery day, along with the period-correct Zippo logo and early slogan of “A Week’s Trial, Then All the While.” The box’s flocked insert snugly holds the replica model, while a special I-card lets customers know they are looking at a genuine 1935 replica.

## 1941 Replica

Each 1941 Replica Zippo lighter comes in a unique version of the “One Box.” The metallic gray lid features a retro art deco element and period-correct Zippo logo, along with the famous slogan that had been slightly updated throughout the early years: “A Week’s Trial, Then-All The While.” A black flocked insert protects the replica lighter, and features an exclusive 1941 Replica lighter I-card.

## ZLuxury

The ZLuxury box was designed especially to showcase the incredible engraving that envelopes each Armor 360° MultiCut Zippo lighter. A high-density foam insert securely holds the lighter, while mirrored wings allow a wraparound view of the design without removing the lighter from the packaging or display case. Silver, black and red foil stamped accents adorn the lid and makes for an elegant gift presentation. ZLuxury packaging comes standard with all MultiCut lighters.
